

INSEDE – Business Model

1. INSEDE, Partner and Client (as partner)
2. INSEDE resources and solutions I
3. INSEDE resources and solutions II
4. Potentials – Offerings – Needs
5. Development process of tools and offerings
6. Business model, flow-chart
7. Further information (stay tuned)

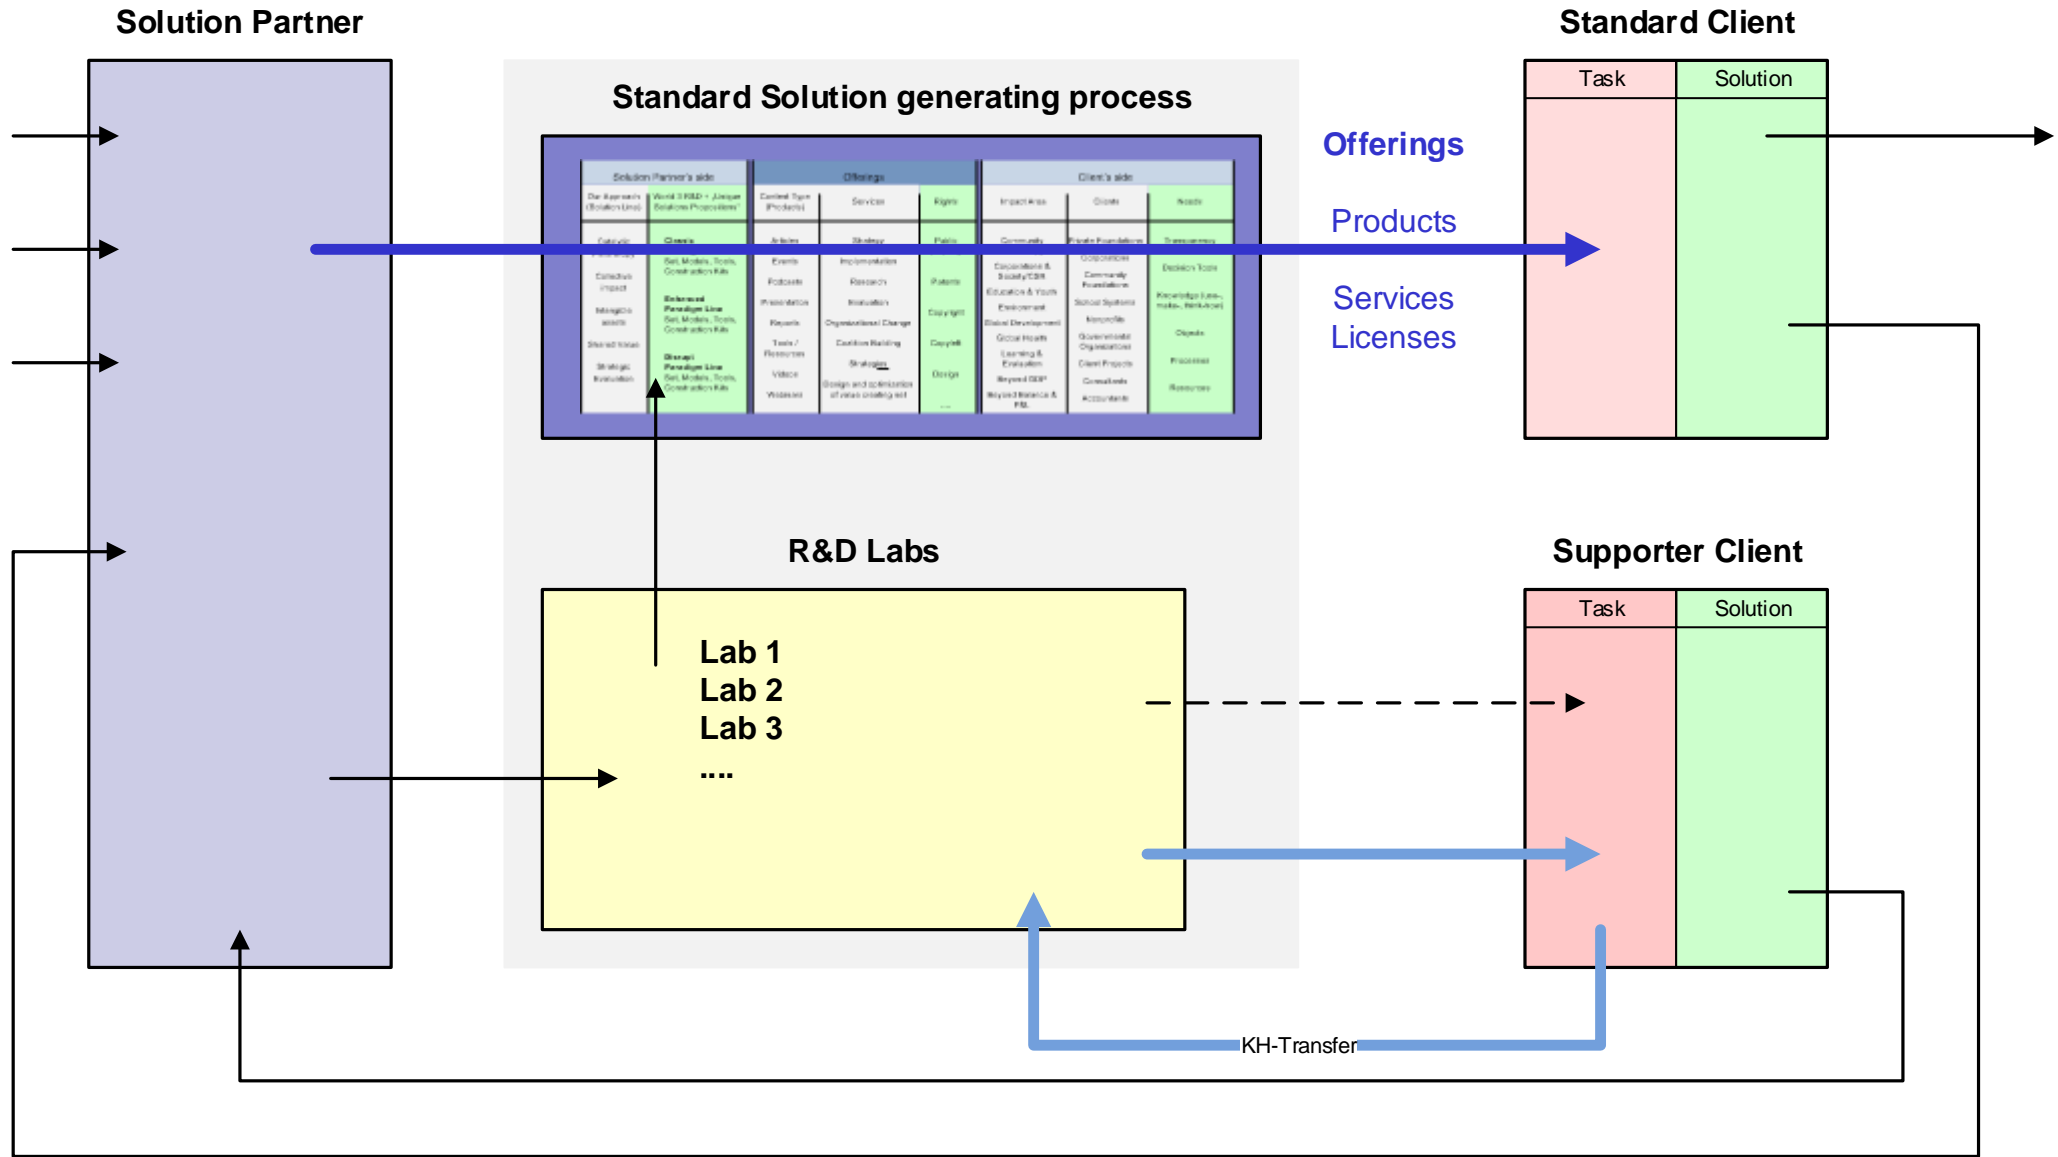

INSEDE, Partner and Client (as partner)

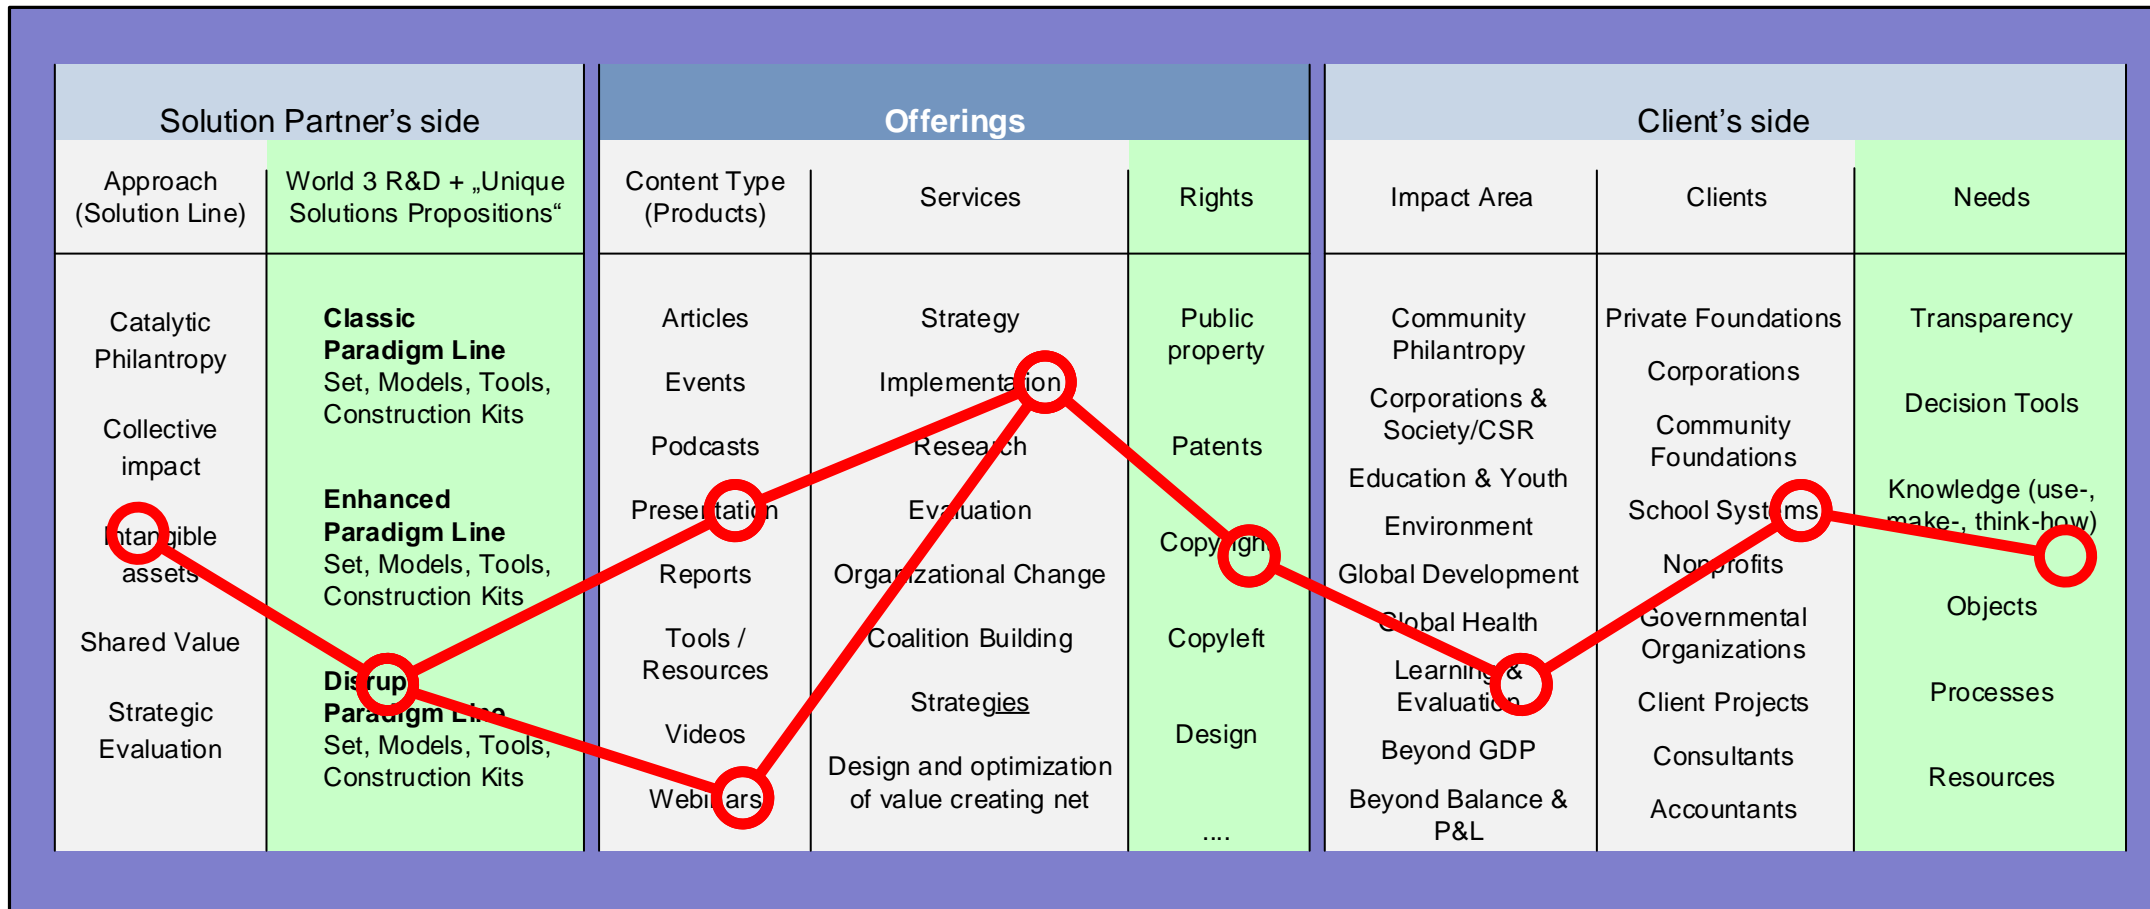

INSEDE resources and solutions I

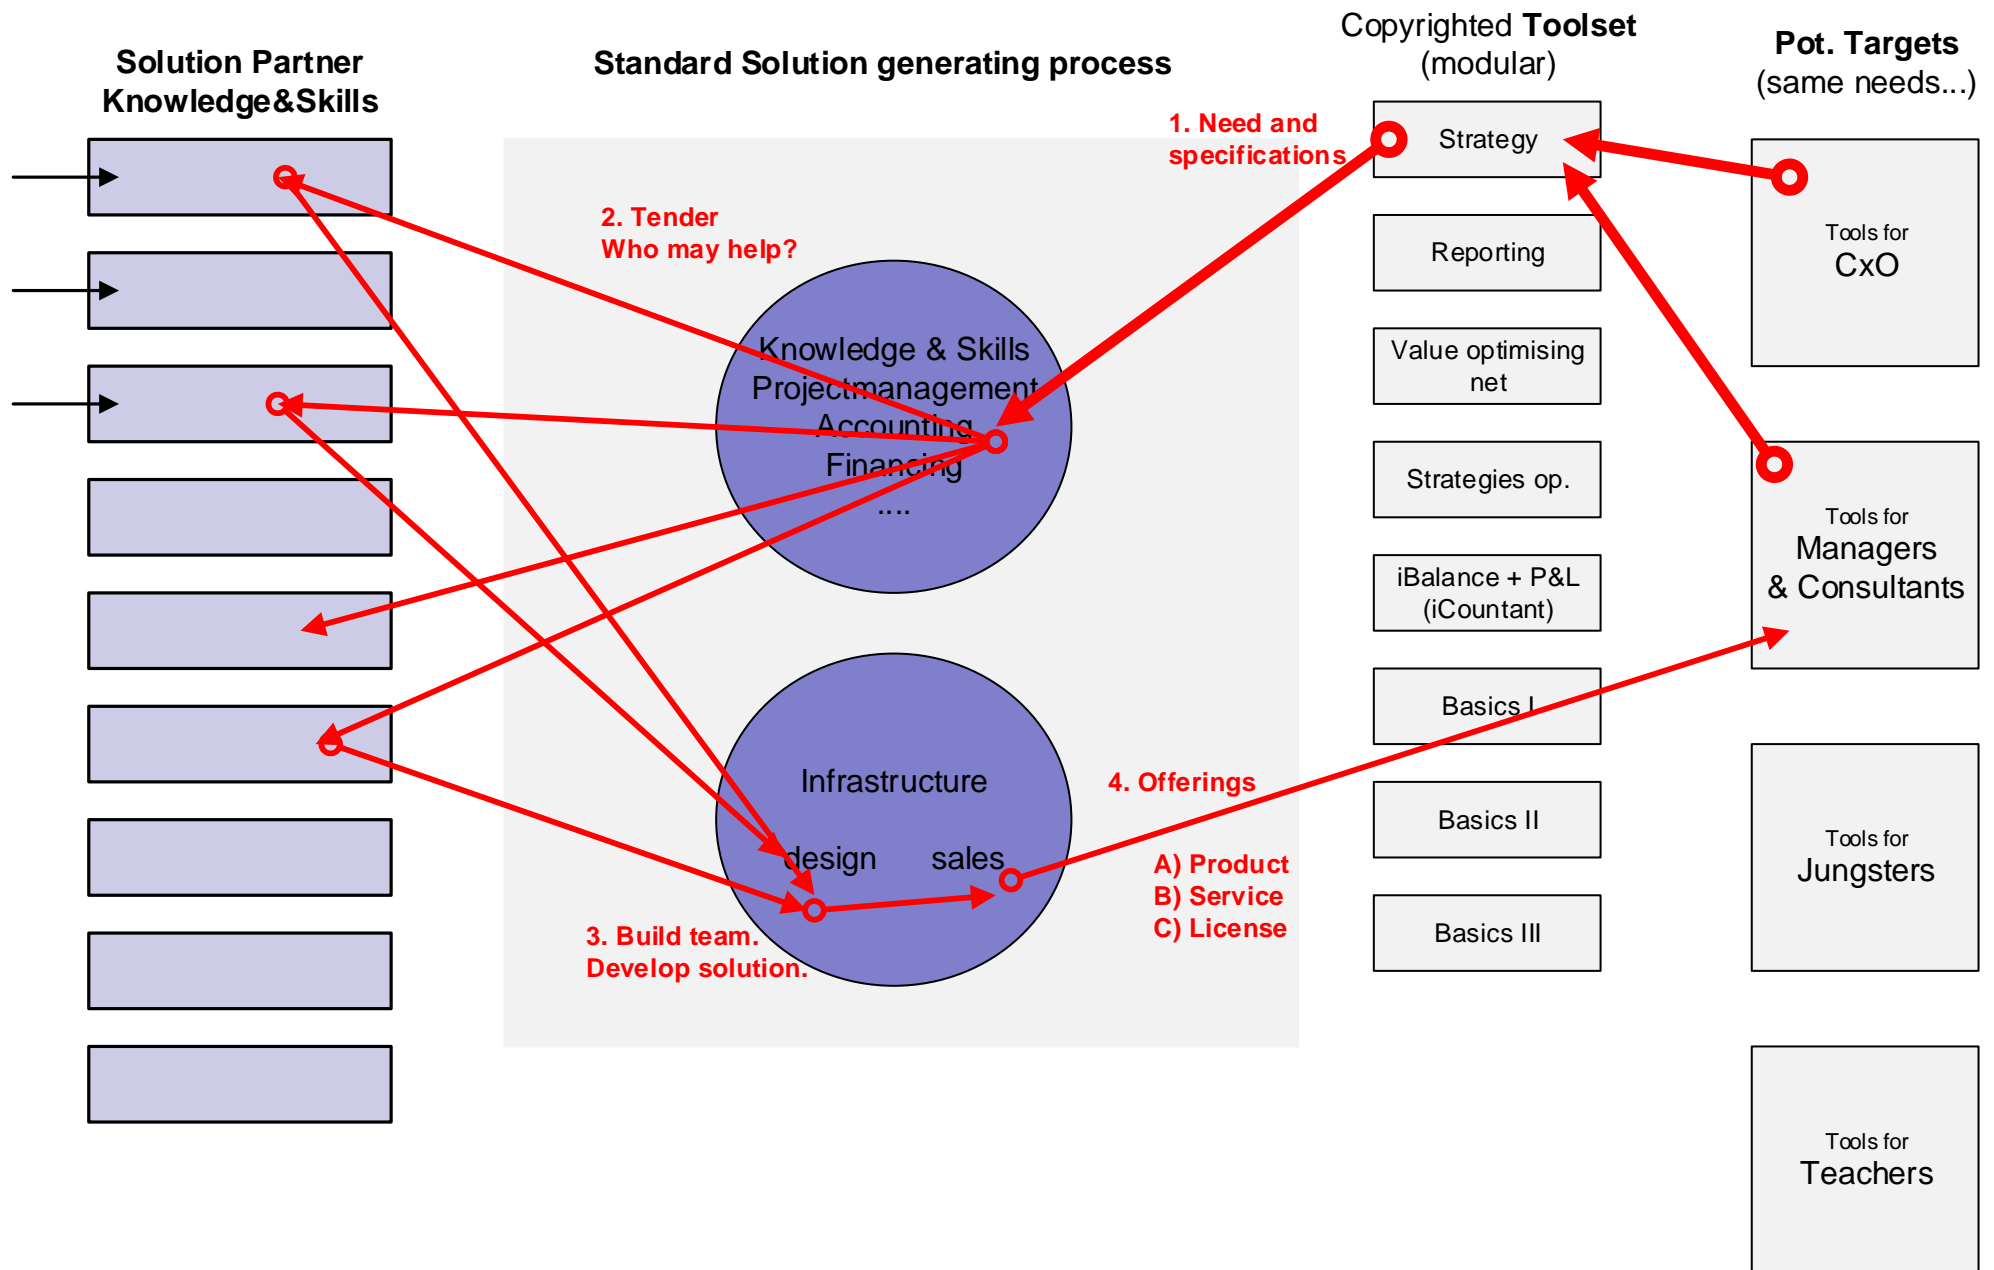

INSEDE resources and solutions II

Potentials – Offerings – Needs

Development process of tools and offerings

Further information (stay tuned)

Three smart steps for clever real world solutions.
Combining Tangible and Intangible Assets and Wealth, incl. Intellectual Capital and Integral Value Metric

- Project NEMO
The project that realises the (New) Economic Model
- INSEDE
Clever solutions for the smart real world
- Business Engineering Systems
Modular, optional beyond old system traps
